PROFILE

PhD student at Concordia University with a strong sense of responsibility, attention to detail, and integrity — qualities essential to upholding academic standards during examinations. Comfortable working in structured, rule-based environments and interacting professionally with students and faculty. Reliable, punctual, and able to stay calm and attentive during long sessions, fluent in both English and French, with a genuine commitment to maintaining a fair and secure exam environment.

EXPERIENCE

Volunteering at the 23rd International Meeting on Lithium Batteries (IMLB 2026)
Palais des Congrès, Montréal, Canada – June 2026

- Assisted with registration and check-in of international attendees
- Directed participants between sessions and enforced schedule and room access rules
- Worked in a team under supervision in a high-traffic, time-sensitive environment
